

main

```
graph LR; main[main] --> func[test_5_8_eCurrentSensorUpdate_HpaCurrent1High_HpaAlarmRaised_Success];
```

The diagram illustrates a function call. A white rectangular box on the left is labeled 'main'. A blue arrow points from the right side of this box to a larger, gray rectangular box on the right. Inside the gray box, the function name 'test_5_8_eCurrentSensorUpdate_HpaCurrent1High_HpaAlarmRaised_Success' is written in black text, arranged in three lines.

test_5_8_eCurrentSensorUpdate
_HpaCurrent1High_HpaAlarmRaised
_Success
